FOR IMMEDIATE RELEASE

Cleveland, OH-based ALEGO HEALTH named to the 2014 Inc. 500|5000 list of fastest growing private companies in U.S.

Healthcare IT services company ALEGO HEALTH ranks 1602 in the prestigious Inc. 5000 category in the annual publication.

WESTLAKE, OH, August 18th, 2014- Alego Health's Jonathan Levoy, VP of Business Development & Technology, announced today that Alego Health was named to *Inc. Magazine's* Top 500|5000 fastest growing private companies in America. "We are extremely honored to be part of this amazing group of companies. To see your company name next to such well-known companies is such a great validation for our team and the hard work we have put in to get here," said Mr. Levoy.

The 35-year-old *Inc. Magazine* award named 5,000 private companies to its 2014 list. Alego Health was ranked #1602 on this year's list. This is the 2nd straight year that Alego Health was named to this prestigious award. The award comes on the heel of being named as one of the 2014 Top 100 Northeast Ohio fastest-growing companies by Case Western Reserve University Weatherhead School of Management & Council of Smaller Enterprises via the Weatherhead 100 Award for the 4th consecutive year and being named to the Crain's Cleveland Business Inaugural Fast 50 Award. "We have really had a mind-blowing few years with all of these awards and recognition. But our focus is even sharper now that the expectation level has risen for our organization," stated Levoy. "Our commitment to our clients and our employees is what drives our success. We can never lose sight of what got us here, and what it will take to move our company up these lists by servicing our Clients at the highest levels possible."

Mr. Levoy explained that Alego Health is continuing its growth through sales initiatives that will expand Alego Health's national reach and product offerings. "Our goal has always been to build a strong local and regional foundation, then to expand our services throughout the US. We have seen some great traction nationally and are moving into new markets every month. We are very proud of our track record, services, and client satisfaction results. This has undoubtedly led to the awards that we have received."

About Inc. Magazine

Inc. Magazine is a monthly business magazine that began publication in April 1979, with a circulation of over 790,000 as of 6/2014. The Inc. 500|5000 award is based on percentage revenue growth over a four-year period. To qualify, companies must have been founded and generating revenue by the first week of the starting calendar year, and therefore able to show four full calendar years of sales. Additionally, they had to be U.S.-based, privately held, and independent—not subsidiaries or divisions of other companies—as of December 31 of the last year measured. Revenue in the initial year must have been at least \$200,000, and revenue in the most recent year must have been at least \$2 million.
